Seamlessly stylish

Lussolite's unique material qualities allow us to create shapes and curves, as well as sharper edges to designs, which go beyond the manufacturing capacity of traditional materials like granite worktops and vitreous china used in the manufacturing of washbasins. The result is a standout stylish basin and worktop, seamlessly blending to create a unique and sophisticated look to your bathroom.

Practically perfect

Lussolite's unique solid surface material is 100% solid throughout the entire product, bringing a number of great practical qualities. Easy to clean, the non-porous material is scratch, impact and UV resistant, as well as being antibacterial. Its thermal qualities leave it warm to touch, perfectly complimenting its sensual design.
